Why she Failed to Pass the Test of Critical Eyes

A dozen times a day some little unconscious movement of the hands betrays you

CAREFULLY gowned, pretty, attractive—yet she failed to pass the test of the other woman's scrutiny.

In the one small index to good breeding that never escapes the eyes of a critical person the girl was deficient. Her hands were not well groomed.

How often, without our knowledge, each one of us is judged by this test!

A well known social leader said, "I can overlook shabby clothes, but ragged looking nails and cuticle are something that I cannot forgive any one. They prove a lack of personal fastidiousness which simply means vulgarity to me."

It is easy, though, by the proper softening method, to keep always a lovely unbroken nail margin. The Cutex method of caring for the nails and cuticle will keep your nails always charming. With

Cutex you just soften the cuticle and wash it off instead of ruthlessly cutting.

Regularly once or twice a week give yourself a Cutex manicure. You will never again be embarrassed when you feel eyes upon your hands. Your nails and cuticle will always be one of your chief charms.

Cutex, the cuticle remover, comes in 35c and 65c bottles. Cutex Nail White, Cold Cream and Nail Polish are each 35c.

Gently push back the cuticle with the end of an orange stick wrapped in cotton and moistened with Cutex. Wash the hands. The surplus cuticle will disappear, leaving a firm, slender nail base.

A touch of Cutex Nail White gives you snowy nail tips. Finish with a brilliant gloss with Cutex Nail Polish.
